

RURAL GENERALIST

To become a Rural Generalist, you will need to apply to the [Queensland Rural Generalist Pathway](#). The pathway is 5-years (full time) consisting of 3 training periods:

- PGY1 and PGY2 - Pre-vocational Plus
- PGY3 - Advanced Skills Training (AST)
- PGY4 and PGY5 - Vocational Training (completing fellowship with [Australian College of Rural & Remote Medicine](#) and/or [The Royal Australian College of General Practitioners](#)).

Entry requirements/pre-requisites

- Successfully complete a medical degree from an accredited Australian or New Zealand university and be in the final year of study at time of application.
- Hold an Intern applicant group status of A or B: Medical graduates of Australian or New Zealand Universities with Australian or New Zealand citizenship or permanent residency.
- Have received or be eligible upon graduation for provisional medical registration with the Medical Board of Australia.

Application and selection process – [how to apply](#)

Applications open approximately March each year, however prospective trainees can [express interest](#) in joining the pathway at any time.

Once trainees are ready to enter Vocational Training, contact your Regional Training Organisation. The Regional Training Organisation for Wide Bay is [James Cook University General Practice Training](#).
