

INTENSIVE CARE MEDICINE

College of Intensive Care Medicine of Australia and New Zealand (CICM)

To become an Intensivist, you will need to apply for fellowship with the [College of Intensive Care Medicine of Australia and New Zealand](#). Fellowship is a minimum 6 year (full time equivalent) training pathway consisting of:

- 6 months Foundation Training
- 24 months Core Training
- 12 months Clinical Medicine Training (6 months Emergency / Acute Medicine and 6 months Internal Medicine)
- 12 months Clinical Anaesthesia Training
- 6 months Elective Training
- 12 months Transition Year Training

Additional requirements are that registrars must:

- Complete three months in a rural hospital
- Satisfy [Paediatric exposure](#) requirement

Entry requirements/pre-requisites

- General Medical Registration with the Medical Board of Australia.
- Completion of PGY2, preferably with experience in critical care (earliest year of entry is PGY3).
- Registration or eligible to register with CICM (completion of 6 months in an accredited intensive care unit within the previous 3 years).

Application and selection process – [how to apply](#)

In Queensland, the [Queensland Intensive Care Training Pathway](#) provides a centralised selection and allocation process for intensive care medicine trainees to accredited adult and paediatric intensive care units.

Applicants must apply through the [RMO campaign](#) to secure an employment contract for a position in an accredited intensive care unit.

Trainees will also need to register with CICM after completion of Foundation Training to commence their fellowship training.
