

RURAL GENERALIST

To become a Rural Generalist, you will need to apply to the [Queensland Rural Generalist Pathway](#). The pathway is 5-years (full time) consisting of 3 training periods:

- PGY1 and PGY2 - Pre-vocational Plus
- PGY3 - Advanced Skills Training (AST)
- PGY4 and PGY5 - Vocational Training (completing fellowship with [Australian College of Rural & Remote Medicine](#) and/or [The Royal Australian College of General Practitioners](#)).

Entry requirements/pre-requisites

- Successfully complete a medical degree from an accredited Australian or New Zealand university and be in the final year of study at time of application.
- Hold an Intern applicant group status of A or B: Medical graduates of Australian or New Zealand Universities with Australian or New Zealand citizenship or permanent residency.
- Have received or be eligible upon graduation for provisional medical registration with the Medical Board of Australia.

Application and selection process - [how to apply](#)

Applications open approximately March each year, however prospective trainees can [express interest](#) in joining the pathway at any time. Intern positions are allocated through the Rural Generalist Intern Recruitment Campaign.

Once trainees are ready to commence PGY3 - Advanced Skills training, recruitment and allocation of positions is dependent on the advanced skill of choice. The QRGP coordinates a statewide recruitment and placement process for AST positions in mental health, adult internal medicine, anaesthetics, obstetrics and paediatrics. This campaign opens in April/May each year for commencement the following year. To secure an AST position in emergency medicine, surgery or Indigenous health, trainees need to apply through the [RMO Campaign](#), for commencement the following year. Once trainees are ready to enter Vocational Training, contact your Regional Training Organisation. The Regional Training Organisation for Central Queensland is [James Cook University General Practice Training](#).
